### Single Carbon Fiber Arm Board

**#42585-T01 - 6” wide  #70337-T01 - 7.5” wide**

Fully radiolucent with a 180° range of motion, the arm board requires no mounting or attachment hardware and simply slides under the table top pad. It can be used on any fluoroscopy table and will support arms and feet in a variety of positioning configurations. Folds for storage.

- 180° range of motion
- Requires no mounting or attachment hardware, slides under table top pad
- Comes with removable pad
- Folds for safe and compact storage

### Spine Positioning System II

**#70100-T01**

- **Optimal Imaging**
  High radiolucency and flexibility for ideal cervical, thoracic and lumbar visualization.
- **Enhanced Patient Comfort**
  Minimize unwanted movement and reduce procedure time.
- **Stable Design**
  Large contoured torso pad cradles patient & the strap securely fastens the system to the table.

### Optional Custom Length Fixed T-Rail

**#73135**

T-rails of any length can be installed anywhere on the table, including both sides. Enquire for price.
